नई दिल्ली 110066

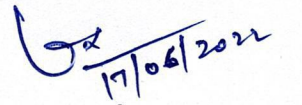

दिनांक: 17.06.2022

**CIRCULAR**

Under Infrastructure and Technology Support; National Handicrafts Development Programme (NHDP), there are various component related to creation of modern infrastructure for the benefit of artisans.

It is observed that the proposals under Infrastructure & Technology Support Scheme of NHDP are received in this office throughout the year. To streamline the procedure related to submission of proposals by eligible agencies and with the aim to bring more transparency in the process, this office considers only those proposals which are received in response to the **notice inviting proposals** published from time to time on its official website. The proposals sent earlier without any invitation or received after the last date of submission are not considered. **Therefore, all the field offices are informed to forward proposals only against the notice inviting proposals to be published on official website from time to time and also inform the implementing agencies accordingly.**

This issues with the approval of the Competent Authority.
